

# Neural Response to Social Evaluation in Depressed Adolescents

Jennifer Silk, Ph.D.

University of Pittsburgh Medical School

Friday, March 8, 12:15-1:15

OSU Center for Health Sciences

Dunlap Room, 1111 West 17th Street

Poly-Com in 126 ITLE, Stillwater. Lunch provided in Tulsa.

At the conclusion of this seminar participants will be able to:

- To learn about neuroimaging paradigms for assessing virtual peer interaction.
- To identify the neural correlates of social acceptance and rejection in adolescents.
- To learn how emotional responses to social acceptance and rejection are altered in adolescents with Major Depressive Disorder.

Seminar Series co-sponsored by

Center for Family Resilience, OSU-Tulsa  
& OSU Center for Health Sciences
